**MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE:**

**Subject: CIG Membership on SWNCC Sub-Committee for  
Psychological Warfare (SWNCC 504/1).**

1. The AD HOC Committee of SWNCC which recommended the establishment of a permanent sub-committee for P.W. was of the opinion that the CIG should furnish two members of the sub-committee, one each from the fields of Intelligence production and special operations. The Assistant Director for Special Operations was kept fully informed throughout the preparation of the papers and concurred therein. Final action of SWNCC cut CIG membership to one person.

2. It is believed that CIG should miss no opportunity to strengthen its relations with SWNCC. It is further the opinion of this office that the CIG member should be furnished by the Office of Special Operations.

3. The Assistant Director for Special Operations does not concur, but is of the opinion that membership should be furnished by the Office of Reports and Estimates.

4. It is believed by ICAPS that the functions of permanent sub-committee will be of such detailed procedural policy nature that without close and intimate knowledge of the limitations and capabilities of Special Operations, the committee's work may result in serious embarrassment and interference with the basic functions of CIG. Due to its peculiar relation to the Director and the other offices of CIG it is believed that only Special Operations can furnish adequate membership to the committee.

5. It is recommended that:

a. The Office of Special Operations furnish the CIG representation on the subject sub-committee on a full time basis.

b. If the Office of Special Operations has no person qualified and available, they be directed to proceed with the procurement of such a person.

MEMORANDUM FOR CHIEF, ICAPS:

Subject: Psychological Warfare

STAT

1. Mr. Rositske (OSO) and [ ] (ORE) came in the office this morning to discuss the developments concerning the SWNCC sub-committee on psychological warfare.

2. Mr. Rositske stated that the committee has agreed to meet eight hours, twice a week, and in the near future full time. He says that he cannot possibly devote this amount of time due to other commitments. I pointed out that the CIG is not committed to full-time, but they were morally obligated to take an active part in the activities. He agreed that it was essential that CIG maintain strong representation. He will talk to Colonel Galloway and suggest in writing to us one of two alternatives:

- a. Full-time representation be provided by OSO as soon as they can hire a full-time expert.
- b. Full-time representation to be provided by "CIG Front Office" (probably ICAPS).

STAT

STAT

3. [ ] feels that the problems involved do not apply to a specific branch of ORE and, therefore, ORE representation should be provided [ ] I concur. He will start a memorandum through, covering this point.
